**The new sophisticated game of elimination for 2 or 4 players.**

Each player starts with 5 points, and loses a point every time he allows a goal. When he's down to zero, he's out of the game. But the game goes on with the remaining players, until there's only one player left — the winner! COUNTDOWN can be played by 4 players (50¢) or 2 (25¢). Its sophisticated styling makes it a welcome attraction anywhere. COUNTDOWN is built in Canada and fully backed by...

# Countdown's

quality story.

Countdown, like all VOLLY games, is built in Canada, with the kind of quality you expect from a reputable Canadian manufacturer. And of course, being right here in Canada makes it easier for us to supply you with parts — we always keep a full supply handy, and are geared to rush them to distributors — usually the same day requested.

#### CSA APPROVED

All VOLLY games are built to C.S.A. standards and carry the C.S.A. label.

#### MODULAR DESIGN

Each major component is a self-contained module which can be removed and replaced in minutes. Repairs are simple, quick and inexpensive, down-time is minimal, and very little technical expertise is required.

#### TESTING PROCEDURES

Any game that leaves VOLLY'S premises has been fully tested — circuitry has been subjected to stand-alone burn-in testing, and finished games to both a high voltage (dielectric strength) test and a 48 hour burn-in. You can be sure of this — when a game leaves our factory, it's safe and it works!
